

Chairman's Message

Completing 30 years is a milestone that only a few companies manage to reach. To be precise, A quarter of a century is certainly to be celebrated! While it's a time of celebration, it is also a time for reflection. As we turn back and look at the path we have trodden, we need to stay focused on the future.

The Consolidated Shipping Group's determination to succeed is the mantra that has helped us overcome all boundaries and weather any storm that has come our way. Our growth over the last 30 years can be attributed to unconditional support from our loyal customers, global network partners, shipping lines, airlines, land transport operators, business associates and institutions, and above all, our fantastic team of employees.

Over these two decades, we have been continuously adapting to our customers' changing needs. The company has enriched its expertise to become a tier-one logistics and freight forwarding partner in the GCC, with integrated logistic networks in Africa, the Middle East, Europe, Asia, Oceania, and the Americas.

The Consolidated Shipping Group delivers custom-fit solutions with a high added value that draws on our in-depth experience and understanding of various industries and the constant quest for improvement and optimization that is central to the company's own culture and values. Team CSS's determination to be amongst the best in the region has seen us establish a young and vibrant team

with a single-minded proposition of ensuring 'Customer Satisfaction'. Today, having completed over 30 years of service, we have grown to encompass a group of companies with over 750+ professionals, offering Integrated Freight Forwarding & Logistic Solutions to an international clientele.

With a philosophy of nurturing business relationships and promising mutual growth, the Consolidated Shipping Group has what it takes to be your Freight Forwarding & Logistics partner.

T. S. Kaladharan

Founder & Chairman, CSS Group

Automobile Logistics

The success of the automotive industry depends heavily on the reliability and consistency of its logistics. This division manages the complex supply chain of inbound and outbound materials, parts, and finished vehicles by overseeing transportation, storage, and global distribution. As the industry evolves, the supply chain must remain focused on adapting to the needs of the global market, including the integration of new technologies such as hybrid and EV cars. The CSS Group has become a trusted name in the region by utilizing innovative solutions like “autoracks” for eco-friendly container loading and providing specialized door-to-door handling for high-end vehicles.
